Your emotions are powerful and you suffer. You go down more than three times and when it appears you have drowned, you bob up again, this time to walk away and shake off the side effects. You are capable of plodding to victory and suffering to attain your goal.

Some say that you are sympathetic and willing to give up quickly in case of an argument, but you do not want to become involved with people who cannot appreciate your special talents and unique knowledge.

You prefer symbols to facts, gestures to actions, and the raising of an eyebrow to an outright comment. You feel the drama and the tragedy of life. You alone sense its importance.

You are the showman of the zodiac. You require praise, appreciation, and a "pat on the back." You have a sincere appreciation of the arts and have an abundance of natural talent. You want to lead the way and be where the excitement is.

You are the natural critic, but most of your criticism results from a desire to be of service. You have a tendency to seek perfection, and thus you are constantly striving to reach your goal.

You are the natural investigator and detective—the person who brings order to Chaos.

Spanish Club

This summer, the Spanish Club traveled to Mexico. They raised money for two years by holding raffles, dances, painting spiles, and other activities. After all their saving, they finally made the long-awaited trip. Led by their guide and advisor, Senor Weitzel, they visited the cities and towns of Mexico.

By the time they were back to Algonac, the tanned members of the Spanish Club decided to start saving for another trip on their own.

Cooperative education makes use of the businesses in the community by providing many possible learning opportunities for interested students.

The businesses as well as the school help educate the student for his place in the working force.

With the beginning of Spring, the Algonac netters brought out their rackets and prepared for another season. They practiced long and hard.

The sun-worshippers and their fearless leader, Mr. Jackson, waited for their first match eagerly. They played their hardest to keep up the Rat's reputation of a great tennis team.

Spring Golf

I know it's there somewhere, but . . .

This year, golf had two seasons to play the fairways—fall and spring. The golfing rats walk down to Mickey Walker's Little Country Club every day during the golfing seasons.

They fight bent clubs, lost balls, wind, rain, and their opponents, hopefully to win.

Mr. Brown, the coach, is good enough to come down from the Junior High to sponsor the teams.

Retiring . . .

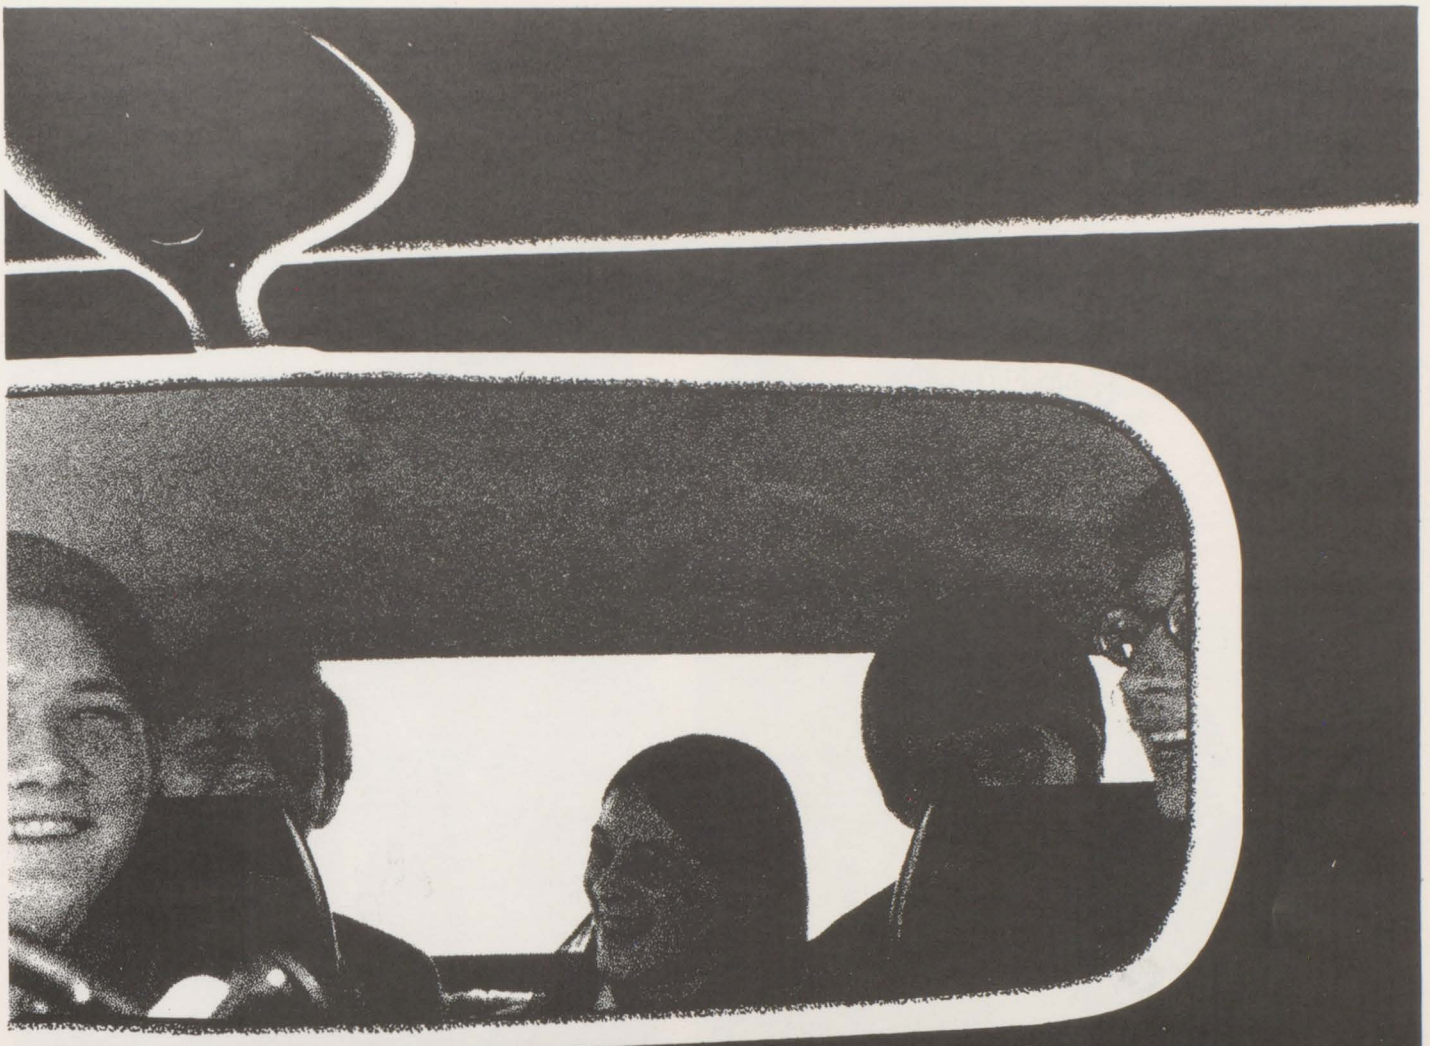

Miss Florence Nugent has been a source of guidance to the students of the Algonac School System since 1932.

In Algonac High School, she served as Yearbook advisor for 18 years. She has also been advisor of the Student Council, and associated with the girl's athletic club, and the Student-Faculty Board.

Miss Nugent taught fourth grade and sixth grade in the Algonac Elementary School. She also helped in the Summer Recreation Program for the city of Algonac for many years.

Miss Nugent has lived in Algonac all of her life. She graduated from Algonac High School. From there, she went on to Michigan State University to receive her bachelor's degree in mathematics and science. In 1938, she received her master's degree in Education from the University of Michigan.

Miss Nugent's guidance will be missed greatly by all the students of Algonac High School.

Don't look at your keys!

Underclassmen actually study!

It's time to leave everybody!

It was the best

It was the worst
of times,

It was the age of wisdom,
and it was the age of foolishness.
